## **Eminem-Crack.A.Bottle.Ft.Dr.Dre. !!LINK!!**

The 34-track greatest hits collection is set to include several of his No. 1 hits including Love The Way You Lie and The Monster featuring Rihanna, and Crack a Bottle with 50 Cent and Dr Dre, along with more recent releases such as Godzilla featuring the late Juice WRLD. Fans can also look forward to Ems unreleased 50 Cent collab titled Is This Love (09), which is supposedly produced by Dr. Dre. The track also marks Eminem's final appearance on Dr. Dre's Detox LP. It debuted on the Billboard 200 at #17 with first week sales of 45,600 copies. The album marked the first time Dre helmed a major label release since 2001's 2001. One other song that will make a return appearance is called The Monster. 50 Cent's contribution to Eminem's album earned him two Grammy nominations last year. The track will also be available on Spotify this November. Fans can pre-order the album on iTunes and stream it on Spotify on Nov. 19. I hope everyone is having a safe holiday weekend. This mixtape is dedicated to all of you who want to talk shit about how you just don't like what Eminem does, and you ain't never going to, just like the secret word I just used. Slow Life. I get a lot of crap for doing this, but how many times do we see Eminem name dropping some urban legend? He did it during this whole album, why do we keep pulling up these same things? This is what he does best, making everyone want to listen to his album over and over just to hear what he was talking about. They are just saying his name over and over, making people think he's talking about them. One of my favorites is the Joe Dirt song, \"My New Bag\" where he talks about a girl who posed for the cover of a magazine with her breasts exposed, so the man who found it decided to photograph her with his penis. My last one was probably my favorite so far, an \"interview\" with Eminem where he talked about making the Bad Meets Evil song \"Fuck Your Beard\" after watching a documentary about Bruce Jenner. No one else has done this shit yet. Eminem does this on purpose so we waste our time listening to it. When I heard that he said he sat up in the church and listened to the Bruce Jenner documentary, I knew I had to post it.

## **Eminem-Crack.A.Bottle.Ft.Dr.Dre.**

In anticipation of Em's new album Recovery arriving on June 19, Funkmaster Flex and Dr. Dre will be issuing a challenge via their radio show - to popular up-and-coming DJ Joyner Lucas - to try and keep the Eminem and Dr. Dre single at Number 1 on DJ Sway's radio show. If that's not possible, Joyner will have to come up with \$10,000. The song was originally meant to be a joint between Eminem and Dr. Dre / 50 Cent for Eminem's album Relapse in 2005, but the latter pulled out in favour of Bad Meets Evil. The single cracked the UK Top 10 and went on to sell over 200,000 copies. It went on to

clinch an Ivor Novello Award in 2006. A similar version for the US with a change in the chorus ( Change to Much Better is here ) continued the single's success. The song was eventually pulled for its ties to the film Half Past Dead, a comedy about a criminal who wants to sell Eminem's record to the FBI but his efforts are foiled by a man with a different religious beliefs. Popular video game character Tekken Lee Chaolan has also been seen in many of Eminem's music videos. His latest is the \"Get Money\" video, which features a cameo appearance by the rapper singing along to the song's chorus. With the film opening next month, it's a sure bet that he'll be seen in more. Eminem will be releasing a new greatest hits collection titled Marshall Mathers LP 2. The album is a follow-up to Eminem's 2001 The Marshall Mathers LP. It features 16 songs, among them, The Ringer, which is a track from Eminem's Encore. The album has 16 songs. 5ec8ef588b
